INT. CAR - DAY

JEN (30s) reminds her partner (and lover) that she is her own person.

JEN

I'm not your last partner, okay?  
I'm not some half-cocked, leap-  
first, look-second statistic  
waiting to happen.

(beat)

Look, I really like this thing you  
and I have, but if you don't start  
letting me be "me" and not... not  
one of your ghosts, you're going to  
lose me just as surely as if I did  
get killed.
